

County's Share Of Vehicle Fee Cut For Coming Year

County Did Not Keep Up With State In Growth Report Shows

Nevada and Placer Counties are among the 38 counties of California which can expect a smaller share of the estimated \$115 million which the state will collect in motor vehicle license fees in the 1960-61 fiscal year, State Controller Allen Cranston reports.

The other 20 counties will receive larger shares.

The counties on the short end are those in which the population growth through the decade of the 1950's was slower than the average growth of all California counties.

Based on a population of 19,888 during the fiscal year 1959-60, Nevada County received \$104,700. The estimated population for the 1960-61 fiscal year is 18,000 and the estimated amount to be received from the state is \$65,900, a decrease of \$38,800 or 37.06 per cent less than the last fiscal year.

Placer County with a population of 41,649 in the 1959-60 fiscal year received \$219,300, but even with an estimated 1960-61 population of 55,500 will receive only \$201,000 or \$18,300 or 8.34 per cent less than for the 1959-60 fiscal year.

The reason for the wide disparity, Cranston said, is that the year-to-year apportionments to counties all through the last decade were required by law to be based on the 1950 federal census.

Next year's apportionments will be tied to the 1960 census.

The only two incorporated cities in Nevada County, Grass Valley and Nevada City will receive an estimated \$28,600 and \$12,500 respectively this year.

Participating for the first time in the annual invitational high school forensic tournament, held at the University of Nevada by the department of speech and drama, Tahoe Truckee High School entered an interpretative reading team: Kaytie Corbin, Johanna Johnson and Rosann Martin.

They also had one entry in the expository speech division, Albert Eberhart, a freshman who won two second place awards in the recent Lions Club contests.

EMBLEM CLUB HOLDS MEETINGS AT LAKE

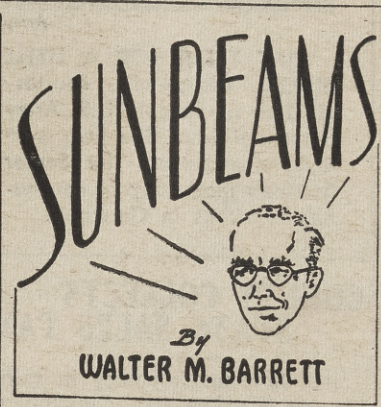

TAHOE CITY—A board meeting of the Tahoe Sierra Emblem Club No. 347 was held Monday, May 2 in the home of Mrs. Charles Henrikson, the regular business session of the group being held May 5 in the Community Center in Tahoe City.

The box social held April 28 at Tahoe Inn was a pronounced success, credited to the efforts of the committee in charge and the enjoyable auctioneering of Steve Korich.

Several members of the local club attended the installation of Mrs. Dorris Schilling as president at the state association at Long Beach.

Breaks Arm—

William Mullen has been released from the Tahoe Forest Hospital for a broken arm suffered in a fall while skating at Blyth arena.

Just who is responsible for fixing the boundaries of Truckee in the current population census, is not known, but we believe that a very untrue picture is being presented if it continues as outlined.

The town will be cut in half, with only half the people counted in the census as being residents of Truckee. Two of the major residential sections of the town, Gateway and Meadow Park are being excluded.

The west boundary of the town being designated as the street just west of the Tahoe Forest Hospital. This, of course, results from the community not being incorporated.

But how this boundary was arrived at is a mystery and certainly should be changed immediately.

In the last census, a similar situation arose and the chamber of commerce was forced to go to Washington, D. C. to get the matter settled fairly.

Unfortunately, the boundaries established at the last census apparently did not please those who outlined the territories this time and no effort was made to determine the wishes of the local people. We want nothing to which we are not entitled, but we certainly think that for the future of the community, a true count of the community should be made.

KINGS BEACH—Girl Scouts of Lone Troop No. 1 and the Brownies of the North Tahoe area will hold their annual Mother's Day luncheon, Saturday, May 7, at 12:30 p. m. in the Kings Beach school.

FISHING ONLY FAIR AS SEASON OPENED

There was nothing sensational about the opening of the trout fishing season in this district. A few excellent catches, with some limits of small fish were reported but many fishermen were disappointed with their luck.

Chilly weather and threats of storm prevented many from enjoying the opening day. The water, too, was too cold for the best results.

Most limits were caught on the smaller streams, although those familiar with the Truckee River reported some good catches.

CONTRACT LET FOR
RESEEDING BIG BURN

In an effort to reforest the area
severely burned by the Cold Creek
fire at Sierraville in July, the Ta-
ho National Forest has contracted
with the McCready Reforestation
Company of Oswego, Oregon.
The Oregon firm was high bid-
der to plant some 850 acres with
375 thousand two year old pine
trees. The trees are being fur-
nished by the forest service
nursery at McCloud, California.
This information was released to-

day from the supervisor's office
by Hal B. Turner, timber staff of-
ficer.

Two crews totalling 28 men are
planting approximately 18,000
trees or 40 acres daily, striving to
complete the entire project by
May 1. According to Turner, last
fall this same firm seeded 220
acres of the better sites within
this burn with ponderosa pine
seed. There are plans to seed an
additional 220 acres in the fall
months of 1960. This will com-
plete the reforesting of approxi-
mately 1300 acres.

SELF-ENFORCEMENT
URGED FOR DRIVERS

California Highway Patrol Com-
missioner Bradford M. Crittenden
today appealed to all motorists to
join an all-out campaign to cut
traffic deaths by adopting a policy
of self-enforcement to guide their
own driving behavior.

Traffic law violations were pres-
ent in four out of every five fatal
accidents on California's streets
and highways last year. Exces-
sive speed was the most frequent
violation, occurring in almost half
of the accidents in which traffic
laws were broken.

"We simply must eliminate traf-
fic law violations if we hope to
eliminate traffic deaths," Crittenden
declared. "Strict enforcement
activity is not enough. California
Highway Patrol officers alone
wrote more than a million citations
last year and issued warnings to
several thousand other drivers,
but still the slaughter continues."

May Day brought whimsical weather scattered sun and clouds and the wind was frisky, but nonetheless there were lovely flowery evidences all over Tahoe City where young spring fairies and elves had brightened the day with those charming harbingers of the month—May baskets.

It is reported that Jimmy Baker, president of the Lake Tahoe Ski Club, was a stand-out in the recent FWSIA sessions at Squaw Valley last week.

Chris Burmer of Tahoe City reports that the Boy Scout Camp at Pahatsi is asking for donations of old boats and canoes to be used at the camp this summer. Anyone wishing to help the cause can call Chris Burmer, at the Lake House Motel, 3-3034; or Red Waddell, new scoutmaster at Truckee. It doesn't matter what conditions the boats are in as the scouts can earn merit ratings when they recondition

them.

Mr. and Mrs. Philio Ott and son Marvin and wife of Sacramento spent the weekend at Tahoe Park. Numerous calls were made on the Tahoe City Volunteer Firemen last week for brush fires which had gone out of control due to high wind. Even with a permit to burn, residents should use caution on windy days. We've noted brush fires burning for two days that have been left unattended. Such carelessness is courting suicide by fire.

Marian and Don Cox of Van Nuys visited the Tahoe area during the Olympics and liked it so much they have purchased the Sportsman restaurant, at the bridge in Tahoe City. Brother Dale Cox, owner of the Carousel Motel, at Stateline, steered them to the new business. The couple are living in Pineland and plan to build their own home. Chef Lee Fugere will stay with them.

The Jack Tarmans of Healdsburg and Comstock Acres spent last weekend at the lake.

Euel and Arlis Pritchett, looking tanned and very fit, have returned to Homewood after a rest in Arizona to open the Obexer

BASIC TRAINEE learns how to fire the M-1 rifle, Fort Ord, California. Private Stephen C. Martin receives instruction from Master Sergeant Lawrence T. Faulkner of Cincinnati, Ohio, senior drill instructor of Fort Ord's Headquarters Company, 8th Battle Group, 3d Brigade. Private Martin, son of actor Dean Martin, Beverly Hills, California, recently volunteered for three years of duty with the regular Army.

Market for the summer.

Dining at the Chicken House with his four pretty ladies was Frank Daft, his wife and daughters, Theresa, Kimberly and Deborah; who celebrates her birthday

on Mother's Day this week. Other diners were the C. W. Vernons; Mr. and Mrs. Jim Brehler and their young sons, Steve and Bill.

At Chamberlands for the weekend were Mr. and Mrs. Joe Filippio of San Rafael and their daughter and son-in-law, Mr. and Mrs. Dick Endry. Filippio is a general building contractor and plans operations here at the lake.

Friends report that the popular and well-known Hank Dodds of King Beach are enjoying a vacation in Hawaii.

At an April 27 open house of the PTA, a new slate of officers was elected: Max Hoff, president; Robert Wray, vice president; Mrs. Bud Meixner, Lake Forest, secretary.

Jo Ann Wray, daughter of Mr. and Mrs. Robert Wray, Tahoe City, is the proud winner of one of two scholarships from Auburn Bank of America awarded annually to Sierra College students. The scholarship was awarded at a banquet in San Francisco April 28, a special day for the Wrays, since Jo Ann won the scholarship and young Rose Mary celebrated her birthday.

Mr. and Mrs. Ben Jones have returned from a vacation trip to Nevada where they battled a wind storm and thence to Dickson for a family reunion with some 20 of Ben's relatives, held at the home of his niece, Mrs. Everett Darling. Ben enjoyed seeing his son, Lewis, and his sister, Mrs. Noah Beeder. Mrs. Nan Armstrong of Tahoe City handled the Julia Becholdt Memorial Library while Mrs. Jones was away.

Everyone is still exclaiming about the beautiful boxes and the enjoyable evening at the Emblem Club party last week.

Birthday greetings were flying thick and fast in Tahoe City on May Day. "Frenchy" (Roger Carter) of Tahoe Inn got many cards and some kisses in advance from his customers for his day, May 2. Eve Donadio received greetings and good wishes at hubby Tony's Sky Lodge, which reopened for the season Sunday.

The Tahoe City Women's Golf Club has resumed meetings and recently named Mrs. Jean Henry, general chairman; Mrs. Christine Bonino, secretary; Mrs. Georgiana King of Truckee, treasurer; Mrs. Pat Fox, tournament chairman. The ladies met for luncheon May 5 at Mrs. Nadine Neugebauer's in Truckee to plan a tournament this month.

Best news we've heard in a long time is that Ken Oliver, formerly of Tahoe City, has recovered from his long, serious illness and gone to San Bernardino to live. Ken's doctors advised him on his recovery there are only three or four cases on record who have recovered after his type of illness and operation. Young George Cole, Ken's nephew, has taken over the Union Oil Station, formerly operated by Ken.

Mrs. Dorothy Forbes spent some time at her Tahoe City place recently.

Ernie Hoerdler of Covina who is well known at the lake and used to be barber at Tahoe Tavern has returned to Tahoe City.

Last Saturday some 20 Brownies had their final meeting and celebrated in grand style with a cook-out on the Tahoe City Commons. Mesdames Attardi, Starratt and Morris hosted the group.

Mrs. Jack Geisen of Carmel has returned to Squaw Valley to open her home for the season.

The Norman R. Mayfields are back at Tahoe City.

Recent lake visitors were the E. P. Stolls of Oakland and Dollar Hill accompanied by Mrs. Evelyn Bliss, who enjoyed visiting old friends.

Looks like it's a sell-out for the Tahoe Lake School's presentation of "The Mikado," under Superin-

It was reported in Student Coun-
cil that the profits of this year's
carnival totaled \$540. Plans for
next year's carnival are being start-
ed now.

Class meetings to nominate stu-
dent body officers for next year
will be held on May 11. Students
are urged to start thinking of qual-
ified people which they would like
to have in office for 1960-61. This
is important and wise choices must
be made.

Last week Tahoe Truckee had some
visitors from the University of Cal-
ifornia and the U. of Nevada. J.
Price Gittinger from Cal talked
with students interested in attend-
ing any of the Cal campus's and
answered many questions.

The committee working on the
zoning for Donner Lake is still
working hard and making trips to
the Nevada County Planning Com-
mission whenever they have a
meeting. I talked with C. Ed-
munds of Truckee recently and he
said these things take time and
that in another month or two there
will be something to report. Ed-
munds is an official with the com-
mission.

The fish derby will be over the
15th of May and to close the excit-
ing event there will be a free fish
fry at Donner Lake Lodge be-
tween 1 p. m. and 4 p. m. Prizes
will be awarded at that time to the
winners who caught the largest
fish and largest weight limit.
Separate categories for women,
children under 12 and men. Fish-
ing is good now and many people
I know have been getting their
limits of trout from Donner Lake.
Donner Lake Resorts are the spon-
sors of this event, they will hold
their next meeting on May 10 for
those of you who are interested in
Donner Lake and want to attend
the meeting at Donlac at 8 o'clock.
Everyone is welcome.

ADVICE BEFORE THE BIG BLOW

The Political Winds are Beginning to Blow. Political Fogs, Self-gener-
ated squalls and blinding sprays will be the natural hazards to your
political vision in the coming weeks.

NOW—While vision is still rela-
tively clear, I urge your considera-
tion of the following:

What are —YOU—the voters look-
ing for in the man you want to
represent and serve you as SUPER-
VISOR for the next four years?

Nevada County and particularly
this eastern section, in the Truckee-
Donner area, is on the brink of an
economic expansion the likes of
which we have never experienced.
To realize the full economic poten-
tial will require the closest co-
operation between business and the
various political entities interested
in this area to help solve the prob-
lems confronting us.

One of the essentials to promote

orderly growth will be a proper
"Legislative Climate" to be created
by all political agencies.

This will mean Concerted and Co-
operative action between the
County Supervisor and the various
District Agencies and involves such
things as Proper Planning, Schools,
Hospitals, Sewerage, Fire Protec-
tion and Power, backed up by
Publicity and Promotion thru the
Chambers of Commerce and other
Civic Organizations with active co-
operation by the County. Your
first consideration at this time is
to choose the right man to rep-
resent you at the County level—your
Supervisor—one who will cooper-
ate and serve you to the fullest.

BLIND BECAUSE OTHERS WON'T SEE!

A simple thing, like ignoring a traffic light, can bring tragedy. Every
day we injure, cripple, maim and kill thousands because drivers
won't obey laws made for their own protection. That's the ugly truth
behind 90% of all traffic accidents. You can help stop this senseless
butchery. Drive more carefully. Stick to the rules. See that others do,
too. Where traffic laws are strictly obeyed, accidents go down!

FACE THIS FACT

Drivers are the No. 1 cause of traffic accidents
which last year injured 1,400,000 and killed
38,000. This year an increase is threatened. How
long must this go on? YOU can supply the answer!

The stirring account in Matthew (ch. 4) of how Christ Jesus met and mastered temptation will be

featured in the Bible readings. Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include this (393:12): "Rise in the strength of Spirit to resist all that is unlike good. God has made man capable of this, and nothing can vitiate the ability and power divinely bestowed on man."

Rev. Langguth requests that all books of his be returned to him by May 15.
Perhaps last Sunday's bulletin needs a word of explanation; although Rev. Langguth has requested that he be reassigned at annual conference on June 19 to another church, there is no absolute certainty that his request will be observed, although it is highly probable. There is no question but that Kings Beach will receive a new conference minister at that

time, and there is no likelihood that the ministry here will be interrupted.

STRIKES & SPARES

BY JOE WILMAN
AVOID "CHOPPING"
THE 5-9 SPARE

You should be familiar with this 5-9 spare we illustrate today. If you're a right-handed bowler, when you cross over into the 1-2 pocket you'll probably end up facing this 5-9 spare on your second shot.

This is a middle-of-the-alley spare, so you should take your stance near the center of the lane. You might even be a board or two to the left of center, because you want the ball to come into the 5-9 pocket. Make sure the ball strikes both pins as we illustrate. That's the sure way to convert this spare. Don't let your ball get too far out to the right or it can't hook back enough to hit the 5 pin. Likewise, it's possible to blow this spare by chopping the 5 pin off and leaving the 9 pin untouched. This can happen if the ball hooks back too much and comes into the 5 pin too solidly.

Aim for the right side of the 5 pin, and you'll hit both pins with your ball. That's the sure way.

FOUR SENIORS WIN IN BANK'S CONTEST

Four winning seniors in the 1960 Bank of America Achievement Awards competition at Tahoe Truckee High School were announced by Principal C. W. Sciutto.

For the top winner, his selection by a faculty committee marks the first step in area competition for cash awards ranging from \$25 to \$1,000 in each of four categories of study.

Under the achievement awards program, they will undergo further screening for the right to enter a zone event April 26 at Marysville, for schools of this vicinity.

Candidates are judged on the basis of scholarship, extra-curricular activities and potential service to humanity.

The winner, eligible for zone competition, who will receive an engraved plaque is Lawrence Mark Jellin, son of Mr. and Mrs. Walter Jellin of Truckee. He is majoring in science and mathematics.

Seniors who will receive certificates of merit for outstanding records in subjects at the local school are Judy Fanger, a liberal arts major and daughter of Mr. and Mrs. Albert Fanger of Tahoe; Douglas Ball, a fine arts major, son of Mr. and Mrs. W. H. Ball of Tahoe; and Diane McGihon, a vocational arts major, daughter of Mr. and Mrs. D. McGihon of Truckee.

First place winners at the zone event in each field of study—fine arts, science and mathematics, liberal arts and vocational arts—will advance to area finals in May. Each is assured a minimum of \$100 and opportunity to win a top award of \$1,000.

Second and third place winners at the zone event in each field receive \$50 and \$25.

The following children received above 95 per cent on the same test: Breezie Cross, Ann Starratt, Anna Marie Connors, Vicki Brommhall, Barbara Hannagan, Ernie Marier, Erik Henriksen, Frank Martin and Tuck Rivard.

FIFTH GRADE: Host and hostesses for the open house on Wednesday night were Dick Pomin and Cathy Coster and Rosemary Wray. The evening was very enjoyable with approximately 80 guests admiring the children's displays.

SIXTH GRADE: This week was open house and late hour efforts to finish our materials were successful and were well received by the parents and other grades.

Class elections were held Friday with Greg Summers being elected president.

Spelling showed good results with 33 out of 39 getting 100's.

EIGHTH GRADE: The students receiving a B average in their quarterly tests are:

Spelling: George Day, Dean Handy, Bob Holley, Joe Hoxie, Dennis O'Connor, Gene Smith, Josette Fugere, Janis Giannini, Karla Kiser, Danell Pomin, Kim Turner and Donna Collier.

English: Bill Bate, Bob Holley, Dennis O'Connor, Josette Fugere and Danell Pomin.

Jonny Pederson, who has been in class all year, has transferred to Idaho.

DONNER TRAIL SCHOOL

KINDERGARTEN: The students of the primary grades in the Donner Trail School have been looking forward each day this week to seeing someone else's mother come to visit them in school. The mothers who found time to visit were Mrs. Kate Zoll, Mrs. Jang, Mrs. Monroe, Mrs. Keith Loomis and most welcome may have been Mrs. Mason who brought with her cake and ice cream in honor of her son Bill's seventh birthday, which was indeed a monumental occasion.

UPPER GRADE: The upper grades have been working on science reports this last week. We are picking our own subjects and we must use and give credit to at least two references. Lynn Aro, fourth grade, is using rocks as her subject. Bruce Loder, fifth grade, is reporting on chemists and Bill Strickland is doing research of rockets powered by both solid and liquid fuel.

A study compiled by The Travelers Insurance Companies shows that speed was responsible for 12,980 traffic deaths in 1960—more than 43 per cent of the total.

Although making up less than 14 per cent of the driving population, drivers under age 25 were involved in nearly 29 per cent of all fatal accidents in the United States during 1959.

Cars that ran away—with no driver behind the wheel—killed 30 people in the United States last year, according to a report released by The Travelers Insurance Companies.

INDUSTRIAL DEFENSE exercise conducted by the Jones & Laughlin Steel Corp. in one of its Pittsburgh plants featured evacuation to shelters of all 2,000 employees in a well-rehearsed routine. The firm, like some other large companies, has a well-developed emergency plan including shelters, first aid training, a relocation site for management and vital records, and fire-fighting. Shown inspecting the plant during the exercise is Leo A. Hoegh (left), director of the Office of Civil and Defense Mobilization, and Dr. Richard Gerstell, Pennsylvania Civil Defense director. WEST SHORE NOTES

tendent Reynolds direction, May 6-7-8. At a preview skit given for the PTA meeting last week received much praise.

The John Merrells of San Francisco weekendend at Tahoe City.

The Hank Alrich family of Lincoln have been weekendend at Tahoe and are looking forward to the return of their boys from Arizona to spend the summer at the lake.

Much good work is being accomplished on the Tahoe City Commons due to the public spirited people who donate time, equipment and planning. A ramp has been built for the use of the fire rig when a large volume of water is needed. It is planned to develop it as a boat launching dock. The Henriksens have loaned equipment and donated sand to spruce up the beach. A community "work session" is planned soon when Tahoe City folks will spread the sand and spruce up the beach and area for the summer season.

Bob Lynch of Meeks Bay Resort

flew to Colorado for a vacation visit with family and friends.

Paul L. White, son of Mr and Mrs. Joe T. White of Tahoma is the new hydroelectric superintendent for the Sacramento Municipal Utility District Upper American River Project. He will move his family to Pollock Pines to be in charge of the main organization required to run the project. Paul is a University of California graduate and has been with SMUD since 1951.

Mr. and Mrs. W. J. Lawrence of Castro Valley are enjoying a spring vacation at their Tahoma cabin.

The J. Ted Lowens of the bay area are opening up their Rubicon house for the season.

The A. R. Spechts of San Francisco write that they are wending their way to Tahoma for the summer.

Finally El Dorado County has begun some road work on a broad new avenue on Fir Street. It is hoped that the huge potholes on the Pine Street access will be needed before summer. As it is now, one must play hopscotch with

a car to get down without breaking an axle and wrenching a back.

Fannie and Bill Haste are busy getting settled in for summer. Bill is particularly busy since the new road work makes his task of getting the water service going a difficult one.

About 9:30 p. m. last week a resident of Tahoma was brutally attacked by two men who had hidden and waited for him at his garage. Driving a large black car which they parked across the highway from his garage, they attacked him. Knocked out for about an hour the savagely and were heard to mutter that they "had the wrong man." man crawled to his residence but was too weak to immediately attract his family. This could have been a fatal beating. It behooves this man to report this assault to the law enforcement agency in Placer County. This might prevent repetition of such criminal acts. If one person is subject to such assault, then no person is safe from such assault.

Congress appropriated \$90,000 for the construction of California's first six lighthouses September 20, 1850.

JURY TRIAL

Elsie Charrison proved to be the star witness at a jury trial last Friday, the 29th of April, at which Judge Charles Crow, of Colfax presided, myself being disqualified because of having to be a witness.

The trial was an assault and battery charge made by Ivan Wilson against Malvin Courtney. The latter was found guilty by the jury of twelve.

DANGER POINTS FOR DRIVING ARE TOLD BY STATE PATROL

SACRAMENTO — (CNS) — The period from 4 to 7 p. m., Sunday, during October, was the most dangerous for traffic accidents during 1959, the California Highway Patrol reported.

The CHP recently issued its 1959 report. It showed male drivers between the ages of 25 and 34 were most frequently involved in accidents. Drivers with 11 to 20 years experience also were the highest group in accidents, with only 2.9 per cent of the accidents involving new drivers.

The CHP said a driver who had been drinking was involved in 30.8 per cent of all fatal accidents.

The Patrol said no single occupation was shown to be more prevalent in accidents. An analysis did show, however, that only 7.3 per cent of fatal and injury accidents involved the professional drivers, working as the drivers of commercial vehicles. And the often maligned traveling salesmen were found to be involved in only .08 per cent of fatal and injury accidents.

The Patrol listed excessive speed

Don't forget the Truckee Fire Department's great big night at the Crystal Bay Club on Saturday, the 14th of May at 8 p. m.

HOMEWARD BOUND

Kenny Lavery, son of Constable Dick and Ruth Lavery, is on the last lap of a long voyage over the ocean with Uncle Sam. It will be nice to see him, he is one of our favorite sons.

SUMMIT PARTY

Final plans for Friday night's very successful Donner Community club bingo party were concluded Tuesday evening prior to the event at the Pla-Vada home of Mr. and Mrs. Dick Read by the Community Club board of directors under the chairmanship of Allen West. Board members present at the final planning meeting were Mrs. Olga Lyddane, Donna Power and Herb Fredericks. The planned potluck supper was served at the Donner Trail School to begin the event to a crowd of approximately 100 who enjoyed the various games that followed including "stand up" bingo. Several delicious cakes were sold to the fastest bidder. Total proceeds collected during the event amounted to \$117.14, a portion of which is to be donated to the Truckee Parent Teachers Association to be added to their scholarship fund. The remainder of this amount will be used to swell the depleted treasury of the Donner Community Club.

An all professional cast of Broadway and Hollywood personalities, plus a singing and dancing ensemble, is featured in the musicals.

SIERRA ROAD MAY BE IN FAS SYSTEM

AUBURN—A proposal to designate the road from Baker Ranch to Soda Springs as a federal aid secondary road was made by Supervisor L. L. Anderson last week.

A letter from the Foresthill Divide Chamber of Commerce was submitted to the board, favoring the proposal.

Anderson felt that the route could be developed into a good road if FAS funds could be used on it.

The supervisors referred the matter to Director of Public Works Bruno Bacci for study and recommendation.

season, 12.9 inches of which fell this week showing 34 inches on the ground. The total season precipitation records as 50.06 inches.

CENSUS OVER

Soda Springs Hotel was the scene of the final dinner as a get-together to signify the completion of the census count for 1960 in Nevada County. Dorothy Cannon who counted the rural population from Yuba Gap to Floriston reported everyone very cooperative and she says, "I really got filled up with cookies and coffee. There are many more people in the area than the 1950 census shows," says Dorothy. "I estimate about 12,000," she continues. Dorothy says she found the work very enjoyable yet time consuming.

MANOGUE WALLOPS LOCAL WOLVERINES

The Manogue Miners, relying on good hitting and exceptionally fine pitching, rolled over the Tahoe Truckee Wolverines 9 to 2 at Idlewild Field in Reno Saturday.

Manogue Miners, sparked by Bob Duilo and Link Curtis, pounded out 12 hits in seven innings with five extra base hits. Their pitching held the Wolverines to two runs which were obtained in the second inning.

Stanley Gould, pitching his second game in two days, suffered

from a sore arm during the last innings but managed to give a good account of himself to the end of the game.

Marty Kumle singled in Bob Ziegler and Mike Robinson to account for the Wolverines' only runs.

This game, being played like a major league game, was frequently dulled out by double plays; with the Wolverines getting one and Manogue two. The game was run off rapidly, with few spectacular plays being made.

Manogue now has a chance to tie for the league championship with Reno, while Tahoe-Truckee remains in fifth place.

The Wolverines will be playing Reno Thursday afternoon on the Truckee field. On Friday they travel to South Tahoe to pair off with the Vikings.

mention the regatta sponsored by the Donner Lake Volunteer Firemen and also the spring dance which is coming up on May 14th, sponsored by the Truckee Fireettes.

Entertainment for the evening was quite enjoyable when little Diane Pankoke danced an old-fashioned dance to start off the evening's program. A skit was put on by several young ladies in old-time bathing suits depicting the styles from 1900 to 1970.

Auctioneers for the evening who did a terrific job were Rev. George Symons, Hap Warnke and Virgil Harris. Many beautiful boxes were brought in this year by both teenage girls and the older women and the winner in the teenage category was Jan Ambler, who won a \$5 merchandise order because her box supper received the highest bid, being bought by Phil Rausch.

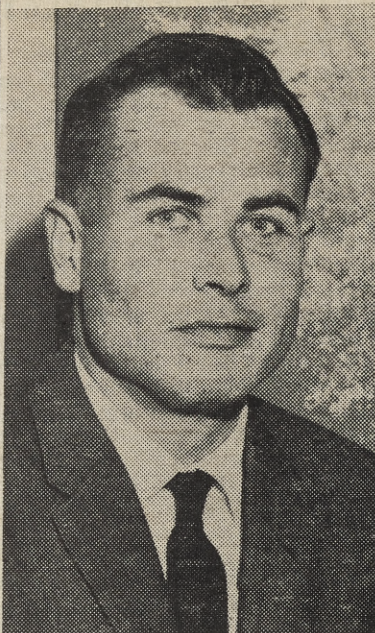

Winner in the women's division was Patti Day and she received a merchandise order for \$5 which will be honored at any Truckee store.

Bidding the highest was Fire Chief Hap Warnke chief of the Donner Lake Fire Department.

Proceeds from the auction on this delightful occasion will go to the Donner Lake Volunteer Fire Department.

The ladies of the auxiliary wish to thank everyone for their help and participation in making this event such an enjoyable success.

Forest Engineer

Henry Schwarz has been appointed forest engineer by Fibreboard Paper Products Corporation and will be stationed at Hobart Mills, Truckee-Timberlands. Schwarz will be in charge of details of road construction and design, establishment of property boundaries and land surveys. He is a graduate of the University of California 1953 with a B. S. in engineering.

Returns To Lake—

Mrs. Fern Schlueter who has been visiting at Oakland, has returned to Tahoe City, preparing her resort for the opening of the summer season.

WOLVERINES UPSET MARCH OF SPARKS

By KRIS FELTE

The Tahoe Truckee Wolverines pulled a 6-7 upset over the Sparks Railroaders on a perfectly executed double steal, on the Truckee diamond Friday afternoon.

Stanley Gould picked up his first win of the season by holding the Railroaders to three runs until the seventh inning. Sparks tied the score in the bottom of the seventh on four successive doubles.

In the Wolverines' part of the seventh, they came to bat one run behind the Railroaders. Mike Robinson led off with a triple and Bill Notley beat a slow-roller to put runners on first and third.

Woody Ribal, continuing one of his best seasons, beat out a slow sacrifice to knot the score at 6-6 with runners on first and third. Larry Rolison came to bat, and Woody stole second. The Sparks catcher, Hauder, probably forgetting the runner on third, threw the ball down to second. Bill Notley raced home with the winning run.

Terry Guidi, Sparks second baseman, might be in the big leagues some day.

The Wolverines' playing, in a water-filled outfield, had some breaks against them, while the Railroaders had everything going with them, due to the difference in batting skill between the two teams.

The Wolverines are currently in fifth place in league standing, while the loss dropped Sparks from a chance at the league title.

Supervisor Given Credit For Roads

Within the next few days work is expected to start on reconstruction of the Nevada County portion of the Brockway cutoff highway.

Credit for procuring funds for this important project can be attributed directly to your supervisor, H. G. Loehr, who has worked for the past several years to bring funds to this area for this highway connecting Truckee directly with North Lake Tahoe. Approximately \$65,000 will be spent on this work during the next few weeks.

Credit, too, goes to your supervisor, for obtaining the new West River Street road from Bridge Street to Highway 89, providing a year around access road which otherwise would not have been built. Sharing credit for this strip, of course, is the division of highways and the California Olympic Commission. A total of more than \$50,000 was expended on this road without any additional cost to the people of the region.

These are only two of many street and road projects for which the residents and taxpayers of the district can thank Loehr. A moment's thought will reveal many others, too numerous to list.

WRAY HAS FRANCHISE ON NEW LOG SPLITTER

Robert J. Wray of Tahoe City this week announced that he has been appointed district distributor for the Lickity Log Splitter, a new product engineered by the Waco Aircraft Company of Troy, Ohio.

The log splitter, mounted on its own rack trailer is portable, weighing only 480 pounds. It is equipped with a recoil starter, hydraulic auto-shift, auto stroke, adjustable stroke, retractable under-carriage, tapered roller bearing wheels and table mount.

Wray invites anyone interested in giving him a call for a demonstration. The machine is fully

automatic and simple to operate, Wray says, and with a 7-HP motor and one man equals six to 12 in the toughest wood.

The new equipment has fully automatic lift and lowering and has an automatic activating arm.

Wray has the franchise for Placer, Nevada and El Dorado Counties in California and Washoe, Douglas and Ormsby Counties in Nevada.

CARD OF THANKS

It is with sincere appreciation that I take this means to thank the voters in the North Tahoe Public Utility District for their vote of confidence, May 3 and I will do everything possible to justify their trust.

DONNER PASS, by George R. Stewart
The author of Ordeal by Hunger, Storm, and U. S. 40, here presents the stirring history of the famous pass over the Sierra. In exciting prose, George Stewart traces the story of Donner Pass from emigrant wagon days to the present freeway. The passage and its surrounding area have always been linked to California history, and the author describes all of the pageant; Elisha Stevens' discovery of the route, the tragic Donner Party, emigrant trains, discovery of gold in the foothills, Indians, and the miner-rancher conflicts, the building of the Central Pacific, and finally today's scenery and travel routes.
